

ACVS

## Beginner-to-Advanced Tracheal Stenting

October 11, 2017

8:00 AM - 12:00 PM

ACVS Surgery Summit  
Indianapolis, IN

Sponsored by Infiniti Medical

\*\*\*Available to ACVS and ECVS Diplomates  
and residents only

This laboratory is designed to teach beginners, as well as those with more experience:

Performing tracheal stenting and the indications

- Case selection criteria
- Medical and interventional management
  - Trouble-shooting
  - Difficult and complex case treatment
  - Handling and avoiding complications
- Follow-up instructions for clients and referring vets

Each individual attendee should expect to learn about the decision-making process of tracheal stenting from beginning to end and will go through patient positioning, obtaining appropriate measurement radiographs, performing measurements and stent selection, and stent placement under fluoroscopic guidance. Focusing on basic as well as the most technical aspects of tracheal stenting will permit more time for case discussion and more advanced demonstration of selected stent placement tips and techniques as well as stent removal.

**Instructors:** Chick Weisse VMD, DACVS,  
Jeffrey Solomon, MD, MBA  
Allyson Berent DVM, DACVIM

**Course Fee:** \$750 early / \$800 late

**Spaces Limited**
